Only one order for concert attire will be placed. If your student already has concert attire, please be sure they try it on and check for fit. Please measure your student according to the guidelines below. We order the dress based on the measurements you provide.

## To measure and find your dress size:

Record each measurement as you take them. Circle the measurements on the chart below.

**Bust:** With arms relaxed down at your sides, place the measuring tape snugly around the bust under the arms.

**Waist:** Measure around the natural waist.

**Hips:** Stand with heels together. Measure around the fullest part of the hip area.

**All dresses come un-hemmed.** It is your responsibility to have the dress hemmed to floor length. When pinning the dress to be hemmed, be sure the student is wearing the appropriate shoes.
